

Making the Most of Your Benefits is as Easy as 1-2-3!

Beyond providing great dental insurance coverage, United Concordia Dental strives to provide the best-possible customer experience with easy-to-use tools. Here are three ways to get started:

1. Get My Dental Benefits

My Dental Benefits gives you personalized details about your United Concordia claims, coverage and available in-network dentists. Knowing this information *before* you see a dentist can help you prepare for any out-of-pocket costs, or even help you save money.

Create your account: Simply visit UnitedConcordia.com/GetMDB and click Create an Account. If you don't have access to the member ID number that's listed on your United Concordia card, contact Customer Service by visiting UnitedConcordia.com/Contact.

2. Stay Connected with Member Emails

United Concordia's member emails can help you better understand your dental coverage and improve your oral health. Each month, you'll get tools and tips to maximize your benefits, as well as oral wellness education for you and your family.

Sign up now:

- Login to **My Dental Benefits**
- Click the **More** tab, then **My Profile**
- Click the on/off button next to **Member-Related Emails**
- Check the box confirming you've read the **Terms and Conditions**
- Click the **Agree** button

3. Find a Network Dentist

Seeing an in-network dentist can save you money, but how much you'll save can depend on your plan.

- With a PPO plan, you can visit any dentist and still have coverage, but you will save more money if you stay in-network.
- With a DHMO plan, you must visit your assigned dentist in your plan's network to receive coverage. This type of plan does not cover out-of-network dentists, which means you would be responsible for paying everything out-of-pocket.

Find your dentist: Visit UnitedConcordia.com/find-a-dentist to search for nearby in-network dentists. If you don't know your plan's network name, you can log into My Dental Benefits or contact Customer Service to retrieve that information.
